INITIAL-LICENSURE LEVEL AREAS FOR IMPROVEMENT AND STIPULATIONS

STANDARD 5: Provider Quality Assurance and Continuous Improvement

	Areas for Improvement	Rationale
1	There is limited evidence that the EPP's Quality Assurance System relies on data that are valid and consistent. (component 5.2)	Data provided in the SSR, addendum, and collected during on-site interviews indicated work to address content validity and reliability is ongoing. Some instruments have been reviewed for content validity, and results indicate many items are problematic. Work on these instruments is ongoing, but specific changes were not identified. Only two tools have been evaluated for inter-rater reliability. The EPP has made progress, but significant gaps exist for demonstrating the sufficiency of EPP-developed unit-level assessments.
2	There is limited evidence that appropriate stakeholders, including alumni, employers, practitioners, school and community partners, and others identified by the EPP, are involved in program evaluation. (component 5.5)	Evidence provided in the SSR, addendum, onsite interviews, and rejoinder indicate that assessment data are not shared with appropriate stakeholders. The addendum acknowledged a lack of direct presentation of data to the Teacher Preparation Advisory Board, and on-site interviews corroborated this information.

AREA(S) FOR IMPROVEMENT OR WEAKNESS(ES) from previous legacy accreditor review (NCATE or TEAC)

Removed:

Area for Improvement or Weakness	Rationale
1) [NCATE STD2]The unit does not systematically and comprehensively monitor candidate performance at the transition points. [Both]	1. Removed: The EPP has a QAS in place that clearly tracks candidates through their programs. (addressed in CAEP Standard 5)
2) [NCATE STD3]The professional community does not participate in the design, delivery, and evaluation of field experiences and clinical practice. [Both]	2. Removed: The EPP has multiple partnerships and collaborations regionally and nationally (addressed in CAEP Standard 2)

INFORMATION ABOUT ACCREDITATION STATUSES

Accreditation for seven (7) years is granted if the EPP meets all CAEP Standards and components, even if areas for improvement (AFIs) are identified in the final report of the Accreditation Council.

- **Areas for Improvement (AFIs)** indicate areas which must be improved by the time of the next accreditation visit. Progress reports on remediation of AFIs are submitted as part of the Annual Report. AFIs not remediated by a subsequent site visit may become stipulations.

Accreditation with stipulations is granted for 2 years if an EPP meets all standards but receives a stipulation on a component under any standard. Failure to submit a response to the stipulation within a two (2)-year time frame results in revocation. Failure to correct the condition leading to the stipulation within the specified two (2)-year period results in revocation or probation.

- **Stipulations** describe serious deficiencies in meeting CAEP Standards and/or components and must be brought into compliance in order to continue accreditation. All stipulations and relevant evidence are reviewed by the Accreditation Council. Failure to correct the condition leading to the stipulation results in probation or revocation of accreditation.

Probationary Accreditation is granted for two (2) years when an EPP does not meet one (1) of the CAEP Standards. Failure to submit a response to the stipulation within a two (2)-year time frame results in revocation. Failure to correct the condition leading to the stipulation within the specified two (2)-year period results in revocation.

SCOPE OF ACCREDITATION

The scope of CAEP's work is the accreditation of educator preparation providers (EPPs) that offer bachelor's, master's, and/or doctoral degrees, post-baccalaureate or other programs leading to certification, licensure, or endorsement in the United States and/or internationally. (2018).

CAEP does not accredit specific degree programs, rather EPPs must include information, data, and other evidence on the following in their submission for CAEP's review:

All licensure areas that prepare candidates to work in preschool through grade 12 settings at the initial-licensure and advanced level that lead to professional licensure, certification, or endorsement as defined by the state, country, or other governing authority under which the EPP operates and for which the state, country, or other governing authority has established program approval standards.

Depending on an EPP's submission, accreditation may be awarded at one or both of the following levels: Initial-Licensure Level and/or Advanced-Level.

1. **Initial-Licensure Level Accreditation** is provided at the baccalaureate or post-baccalaureate levels leading to initial-licensure, certification, or endorsement that are designed to develop P-12 teachers.
2. **Advanced-Level Accreditation** is provided at the post-baccalaureate or graduate levels leading to licensure, certification, or endorsement. Advanced-Level Programs are designed to develop P-12 teachers who have already completed an initial-licensure program, currently licensed administrators, or other certified (or similar state language) school professionals for employment in P-12 schools/districts. CAEP's Advanced-Level accreditation does not include any advanced-level program not specific to the preparation of teachers or other school professionals for P-12 schools/districts; any advanced-level non-licensure programs, including those specific to content areas (e.g., M.A., M.S., Ph.D.); or Educational leadership programs not specific to the preparation of teachers or other school professionals for P-12 schools/districts.

Information on accreditation status, terms, and any conditions provided within this directory is specific to the accreditation level(s) described above. CAEP-accredited EPPs are required to distinguish accurately between programs that are accredited and those that are not.

NOTE: Neither CAEP staff, site visitors, nor other agents of CAEP are empowered to make or modify Accreditation Council decisions. These remain the sole responsibility of the Council itself.
