Consumer Advisory Letter

We recognize that the COVID-19 virus has required all of us to be more thoughtful as we go through our daily activities. Our associates are expected to follow the CDC recommendations for everyday preventive actions to help prevent the spread of respiratory diseases and we encourage you to share these practices with your team and your attendees. These include:

- Avoiding close contact with people who are sick.
- Avoiding touching your eyes, nose, and mouth.
- Covering your cough or sneeze with a tissue, then throw the tissue in the trash.
- Washing your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.

Your business is important to us. We greatly value our relationship with you and we are committed to ensuring that our hotel is a comfortable and safe environment for you, your team and your attendees. We will continue to keep a close watch on the latest developments related to COVID-19 and will follow the guidance of government and public health officials.

We look forward to hosting you and working with you to make your event a success.

Sincerely,

Frank Zumbo
General Manager
New Orleans Marriott
