   7.1 Substantial Field and Clinical Internship Experience: The program provides significant field experiences and clinical internship practice for candidates within a school environment to synthesize and apply the content knowledge and develop professional skills identified in the other Educational Leadership Building-Level Program Standards through authentic, school-based leadership experiences. Information should be provided in Section IV, Assessment 4 to address this standard.
   7.2 Sustained Internship Experience: Candidates are provided a six-month, concentrated (9–12 hours per week) internship that includes field experiences within a school-based environment. Information should be provided in Section I (Context), question 2, to address this standard.
   7.3 Qualified On-Site Mentor: An on-site school mentor who has demonstrated experience as an educational leader within a school and is selected collaboratively by the intern and program faculty with training by the supervising institution.

   Information should be provided in Section I (Context), question 2, to address this standard.
DIRECTIONS: The 6-8 key assessments listed in Section II must be documented and discussed in Section IV. Taken as a whole, the assessments must demonstrate candidate mastery of the SPA standards. The key assessments should be required of all candidates. Assessments, scoring guides/rubrics and data charts should be aligned with the SPA standards. This means that the concepts in the SPA standards should be apparent in the assessments and in the scoring guides/rubrics to the same depth, breadth, and specificity as in the SPA standards. Data tables should also be aligned with the SPA standards. The data should be presented, in general, at the same level it is collected. For example, if a rubric collects data on 10 elements [each relating to specific SPA standard(s)], then the data chart should report the data on each of the elements rather than reporting a cumulative score.

In the description of each assessment below, the SPA has identified potential assessments that would be appropriate. Assessments have been organized into the following three areas to be aligned with the elements in CAEP Standard 1:

- Content knowledge (Assessments 1 and 2)
- Pedagogical and professional knowledge, skills and dispositions (Assessments 3 and 4)
- Focus on student learning (Assessment 5)

Note that in some disciplines, content knowledge may include or be inextricable from professional knowledge. If this is the case, assessments that combine content and professional knowledge may be considered “content knowledge” assessments for the purpose of this report.

For each assessment, the compiler should prepare one document that includes the following items:

1. A two-page narrative that includes the following:
   a. A brief description of the assessment and its use in the program (one sentence may be sufficient);
   b. A description of how this assessment specifically aligns with the standards it is cited for in Section III. Cite SPA standards by number, title, and/or standard wording.
   c. A brief analysis of the data findings;
   d. An interpretation of how that data provides evidence for meeting standards, indicating the specific SPA standards by number, title, and/or standard wording; and

2. Assessment Documentation
   e. The assessment tool itself or a rich description of the assessment (often the directions given to candidates);
   f. The scoring guide/rubric for the assessment; and
   g. Charts that provide candidate data derived from the assessment.

The responses for e, f, and g (above) should be limited to the equivalent of five text pages each, however in some cases the assessment instruments or scoring guides/rubrics may go beyond five pages.

Note: As much as possible, combine all of the files for one assessment into a single file. That is, create one file for Assessment #4 that includes the two-page narrative (items a – d above), the assessment itself (item e above), the scoring guide (item f above, and the data chart (item g above). Each attachment should be no larger than 2 mb. Do not include candidate work or syllabi. There is a limit of 20 attachments for the entire report so it is crucial that you combine files as much as possible. Please name files as directed in the guidelines for preparing a SPA Program Report found on the CAEP website at: http://caepnet.org/accreditation/caep-accreditation/spa-program-review-policies-and-procedur...
2.0, 3.0, 4.0, 5.0, and 6.0. Examples of assessments include faculty evaluations of candidates’ performances, internship/clinical site supervisors’ evaluations of candidates’ performances, internship projects, and evaluation of candidates’ formative and summative logs and reflections. (Answer Required)

Provide assessment information as outlined in the directions for Section IV. [A LINK to upload or manage your uploaded file(s)]

ELCC standards that could be addressed in this assessment include but are not limited to: Standard 1.0, 2.0, 3.0, 4.0, 5.0, and 6.0. Examples of assessments include a school leadership intervention project, an action research project to improve a school problem related to P-12 student learning, and/or project to develop a school P-12 student learning model. (Answer Required)

Provide assessment information as outlined in the directions for Section IV [A LINK to upload or manage your uploaded file(s)]

6. Assessment that demonstrates candidates’ organizational management and community relations leadership skills in developing effective school-based management and resource systems and school-community partnerships. ELCC standards that could be addressed in this assessment include but are not limited to: Standard 3.0, 4.0, and 5.0. Examples of assessments include developing school-based strategic plans, a school improvement project, a school-community relations strategic plan, and/or a school simulation. (Answer Required)

Provide assessment information as outlined in the directions for Section IV [A LINK to upload or manage your uploaded file(s)]

7. Additional assessment that addresses ELCC standards (optional). ELCC standards that could be addressed in this assessment include but are not limited to standards 1-6. Examples of assessments include portfolio tasks, postgraduate 360 evaluations, action research projects, needs assessment projects, faculty intervention plans, strategic plans, simulations, school intervention plans, internship evaluations, candidate test scores on comprehensive exams, licensure tests not reported in #1, and follow-up studies of employers.

Provide assessment information as outlined in the directions for Section IV [A LINK to upload or manage your uploaded file(s)]

SECTION V - USE OF ASSESSMENT RESULTS TO IMPROVE PROGRAM

1. Evidence must be presented in this section that assessment results have been analyzed and have been or will be used to improve candidate performance and strengthen the program. This description should not link improvements to individual assessments but, rather, it should summarize principal findings from the evidence, the faculty’s interpretation of those findings, and changes made in (or planned for) the program as a result. Describe the steps program faculty has taken to use information from assessments for improvement of both candidate performance and the program. This information should be organized around (1) content knowledge, (2) professional and pedagogical knowledge, skill, and dispositions, and (3) student learning.
